**Visalia Livestock Market Roundup**  
**Wednesday, June 9, 2010**  
**Cattle Saleable: 1650**

This week's sale was solid from top to bottom. We are seeing good demand on the better quality cattle from our of state buyers especially good middle weight yearlings and the good calves with age and source verification and a vaccination program. The producers that are participating in the value added programs are seeing some good paybacks for their efforts, this has been very encouraging. Light turnout calves selling slightly lower as local demand has flattened out some, middle to heavier calves lower from the highs but still selling at good levels. Yearling cattle up \$1 to 2 this week on the better ones that are not too big. Butcher cows selling lower off \$2 to 3 across the board. Bred cows with quality no test.

...see you at ringside, Randy
