Templeton Livestock Market Roundup Saturday, July 10, 2010 Cattle Saleable: 2495

The market this week at TLM continued to produce excellent returns for our consignors. We would like to thank all of you who are taking advantage of our value added programs and raising great quality cattle. It is my pleasure to be able to market these cattle and along with your efforts we have been able to create one of the best markets around! The light turn out weight cattle are in short supply and selling higher this week up \$2 to \$3. Middle and heavier weight calves in a good quality offering selling fully steady. Yearling cattle had no good test but were called steady to \$1 To \$2 higher. Butcher cows picked up some this week \$2 to \$3 higher in a good run,

although the market

(continued from above left) was considerably higher this week at TLM we are hearing that the packers are gearing up to buy them cheaper this coming week because of the fear from the dairy buyout program. Do not hesitate to call me to find how this will progress. Bred cows are showing a lot of demand but are in short supply. We look for them to get higher as we move into the fall.

In the coming weeks we will providing two opportunities to buy some replacement cows and heifers. On Wednesday, July 21st we will be having a special bred cow and heifer sale at our Visalia market and on Saturday, August 14th here at TLM. If you are interested in restocking your ranches with good quality replacements this will be a good chance to do that.

One more reminder, we will not be having a sale on Saturday, July 31st. Every year we close the sale down so that we can donate our efforts at the Mid State Fair Junior Auction. Giving back to the community is important to me and I hope you all will join me and come down and support our youth and their 4H and FFA projects. We hope to see you there!

....see you at ringside, Randy
