VISALIA LIVESTOCK MARKET

Dear Friends and Valued Customers,

Welcome to the 2026 Cattlemen's Select Bull Sale. We sincerely appreciate you taking the time to be with us and, more importantly, the trust you continue to place in Visalia Livestock Market.

I have always believed that a good bull is one of the most important investments a cattle producer can make. He influences not just one calf crop, but the direction and profitability of your herd for years to come. A quality bull should add performance, consistency and value to your calves — and ultimately put more dollars in your pocket.

That belief is what drives the selection process for this sale. We do not simply gather bulls and put them through the ring. I personally evaluate the bulls, study their numbers and work to select cattle that I believe will fit the needs of commercial producers. Just as importantly, we strive to offer bulls at different price points so there is an opportunity for every cattleman to find one that fits his or her operation and budget.

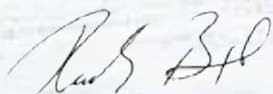

I am very proud of the 2026 offering. I believe this is an outstanding set of bulls with the genetics, performance and quality to make a positive impact on your program.

Thank you to our VLM crew for the extra work that goes into making this sale possible, and to the Tulare County CattleWomen and the California Angus Association for once again providing a great lunch.

If I can help you evaluate the offering or select the right bull for your cows, please give me a call. I am always available and appreciate the opportunity to work for you.

On behalf of everyone at Visalia Livestock Market, thank you for your continued support and welcome to the 2026 Cattlemen's Select Bull Sale.

We've selected the bulls, you've studied the catalog — now Let's Have an Auction!

— Randy Baxley, 559-906-9760

You Have a Lot Invested in Your Herd...

CROP INSURANCE SERVICES

You can be Happy when it Rains & Protected when it doesn't!

WHAT IS PRF - PASTURE, RANGELAND AND FORAGE INSURANCE?

PRF uses historical rainfall data for your area and pays when rainfall is below your selected coverage level.

You choose the months most critical to your grazing operation, and your coverage is tailored to your ranch needs.

When the rainfall in your selected coverage intervals falls below your elected coverage of the long term average. You receive an indemnity check. No adjustors, no stress.

Every operation is different. Let's schedule a time to discuss your operational needs and how PRF can support your specific forage strategy and risk management goals.

Enrollment Deadline is December 1, 2026

As cattlemen we understand the challenges of drought and reduced forage to your herd during dry years PRF has helped us endure the tough times, covering cost for feed when pastures come up short. We don't just sell this program, we rely on it.
