**Visalia  
Livestock  
Market**

The market this past Wednesday was nothing short of amazing. There was a great offering of light to middleweight calves with exceptional quality, and all the proper vaccinations in place. We did see a significant increase in receipts with this being our first larger run of the spring at almost 1800 head, most of which were the higher end calves. These calves were met with extremely high demand from a large number of buyers, both local and out of state. We are seeing a larger group of newer buyers start to come online as a lot more stocker and feeder operators are having to reach a bit further out to procure their spring needs. This Wednesday did mark a new record for top prices on the middleweight calves here at VLM! Butcher cows also setting records selling steadily at the top of their recent range.

This Saturday did bring the first of our two annual female sales with receipts just over 1000 head, many of which were excellent young fall calvers. These higher quality females also set records here at VLM with the top sellers being two large lots of coming three year-old Red Angus heifers originating from the Otis Creek Ranch fetching \$5650 and \$5700. The top end of the coming three year-old blacks in larger lots leaving from \$4900 to \$5150. The higher end young cows with foothill vac brought \$4500 to \$5000 with the non-vaccinated cows selling from \$4000 to \$4500. Medium age or medium quality cows sold from \$3750 to \$4250. This was truly an exceptional offering of 1000+ females and they were met with extreme demand, especially on the better end! If you need females, our next sale here at VLM and another large offering of high end females will be Saturday June 20th. Hope to see ya there!

**Just a reminder, when you bring you calves in to sell please don't forget to fill out the vaccination record. The vaccination record goes to the auction block where it is entered into our computer system as well as looked at by me. We also file these affidavits for proof of shots. You can find the form on our website as well as the back of this report!**
