**Thursday October 10th in Visalia**  
**Our Fall 2024 Producer Meeting Tour & Dinner**  
**Please RSVP ASAP as space is limited**  
**Hope to see you there!**

The market is clipping along just fine on almost all classes. This week we did see a larger run on the light and middle weight cattle and these weight classes would be called higher this week. The future's market has had a good bounce back over the past week or two and this has added some optimism back, especially on the lighter cattle. Lightweight cattle a solid five to \$10 higher this week with the middleweights up five dollars for the most part. We would look for this to continue to be the trend as we are moving closer to the rainy season. Heavier weights in a smaller offering this week called fully steady. Butcher cows also showing some added demand selling mostly five dollars higher with the higher end cows called \$5 to \$10 higher. Cow numbers should remain tighter than normal moving into the fall marketing season, but one would have to think butcher prices will still soften some as the seasonal trend prevails. Bred cows and pairs still in excellent demand. The Sunday before last was our Annual Cattlemen's Select Bull sale and there was a small offering of young females prior to the bulls. Most all young good quality pairs and close-ups brought \$3000-\$3400. There was also a great lineup of top breeding bulls, probably our most consistent offering to date. All breeds were met was solid demand.

**81 Angus \$7747**  
**25 Red Angus \$6290**  
**8 SimAngus \$6344**  
**7 Hereford \$6929**  
**Overall 121 bulls \$7305**

We do hope that everyone was able to find the bulls they need. If you did not fill your needs, please feel free to give me a call. We will have access to some good solid bulls moving forward. Also mark your calendars and don't miss our fall producer meetings Monday, October 7 at a Paso Robles event center and Thursday, October 10 at Visalia Livestock market. Visit our website or call Beth for details. These will be fun and informative events.
